

## **High School Driver Training**

Our High School Driver Training Classes consist of 30 hours of classroom instruction and 6 hours of individual driving instruction.

The classroom instruction uses the Drive Right textbook and is heavily based on defensive driving techniques. The Alcohol and Drug Awareness Course, which is required for all drivers under 18, is taught in the classroom part of the High School Drivers Training Course.

The driving part of the course is scheduled by appointment and is done in our dual controlled cars. This is an individual one on one instruction. We teach parallel parking, three point turn around, lane control, speed control and extensive highway instruction.
